This agreement is for African Americans and Low Moderate Income communities (LMI) and individuals based on economic inclusion and a #justeconomy

The above picture is of the November 18th public signing of the **NCRC lead \$30B Community Benefits Agreement** which includes the following:

- ❑ Fund \$11 billion in mortgage lending to LMI individuals and communities.
- ❑ Fund \$10 billion in small business lending in all markets and communities to businesses with gross annual revenue below \$1 million.
- ❑ Fund \$9 billion in Community Reinvestment Act (CRA) community development loans and investments. This includes support for affordable housing, revolving loan funds, Community Development Corporations, Community Development Financial Institutions, community pre-development resources, housing rehab loan pools, and community land trusts and land banks.
- ❑ Fund \$93 million in philanthropy. Work to ensure adequate access to bank branches in LMI communities and communities of color, including opening at least 10 new branches.

The FAU Chamber of Commerce is a NCRC member who has planed a multi year multi billion dollar program in response to the 5th Third Bank CBA including a Public Private Partnership (P3) which includes buying the metropolitan sewer district so as to create decades of jobs in the city - Peace In The Hood, Jobs In The Hood the #BlackFolksPlan.

Fifth Third Bank made on November 18th 2016 with NCRC and allies like FAU & FAU Chamber a \$30 billion Community Benefit Agreement (CBA) commitment for the years 2016 through 2020. The commitment in lending, investments and services is focused on serving low- and moderate-income communities and individuals, and was designed to help Fifth Third Bank fulfill its Purpose to improve lives and be a force for positive change within its geographic footprint.

#FAUchamber Queen City Business Entrepreneur Program is not only for existing business but also includes people with no business at all, but have a dream of owning a business. They want to change from where they work for someone else to working for themselves. It doesn't cost any money to apply, because all you need is a desire to change your life. Speakers at this event include members of the African American Chamber of Commerce as well as the #FAUchamber.

The Chairman of the Friends of the African Union will speak at the session on the agreement as well as others who will run the Queen City Business Entrepreneur Program and our educational partner. At this session, we have invited an officer of Fifth Third Bank to explain the \$30B agreement terms and conditions as wells as a broad range of county and federal government officials including those from the Small Business Administration and US Department of Commerce.

We also will be signing up 20,000 people in Cincinnati, Ohio who support removal of lead from homes as part of the Queen City Public Private Partnership Company whose goal is to get 20,000 households in Cincinnati to support the redevelopment of the city with affordable Smart Green Technology Homes that contain small office home offices.
