

From our beginning 400 years ago on August 25th, 1619 at Old Point Comfort as Africans and then as African Americans our ancestors have played a vital role in the development of the USA. In 2005, the African Union defined the African Diaspora (AU) as "... peoples of African descent and heritage living outside the continent, irrespective of their citizenship, and who remain committed to contribute to the development of the continent and the building of the African Union." In 2012 The AU expanded, in writing but not in fact, its membership to those who do not live in its established 5 regions to a 6th region.

The African Diaspora is mainly those persons of African descent dispersed from Africa into Europe, Asia and the Americas during Arab and European commercial slave raids. It also consists of those persons who voluntary migrated from Africa in the 20th and 21st century. The African population in the Western Hemisphere is about 150 million persons in South America (mainly Brazil & Columbia), 50M in North America (USA) and the Caribbean, 10M in Middle East, Asia and Europe. (210M plus strong worldwide).

The creators of Friends of the African Union as a division of McGraw Daniels Inc. (MDi) recognized that the African Union, to date, is the only organization which has the structural and functional capacity to unite, and service the needs and aspirations of the more than 1.5 billion African people, globally. So in 2012 we spun off from MDi Friends of the African Union and in 2013 Friends of the African Union Chamber of Commerce, who today act as convener of the message of economic empowerment for all people of African descent and their allies. We do so based on actions of the leadership of African Nations at the first global African Diaspora Summit in May 2012 for her children to organize in joint operations as the African diaspora to answer through 5 legacy projects and other actions, such as we have taken.

Friends of the African Union knows that the political fragmentation and segregation in the USA is by race and class. Many poor Africans people in America have a high degree of desperation and hopelessness along with the belief that things can't change. Friends of the African Union was created to change this perception by action; we will walk the walk, not just talk the talk – we are asking people, organizations, communities and companies to join us in changing the live of Africans in our lifetime.

We do this work now after 400 years in the English Colonies not only as a solution to the results of the fundamental injustice, cruelty, brutality, and inhumanity of African slavery in the USA for 77 years (1788-1865) and the 168 years (1619-1787) in the progenitors to the 13 English colonies that made up the United States of America but also as a American African Nation #justeconomy solution. It is a solution to the effects subsequently de jure & de facto of racial & economic discrimination on the descendant Americans of America's African slavery and, today, those persons of the African Diaspora in the United States of America and the people of the African Union, who through these actions will be united.

Therefore, Friends of the African Union, affiliates and allies on this second day of this Historic Black History Month, February 2<sup>nd</sup>, 2019, pledge, *"We as Citizens of the United States of America who are decedent from Africans made new citizens in 1868, 150 years ago, in order to form a more perfect Union, establish equality of justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the equal blessings of liberty to ourselves and our future generations, do ordain as organized civil society and establish this month a working group to establish a 150 year (2019-2169) Black Folks Plan (#150BlackFolksPlan) that is to deliver its work by August 25th 2019. This date being the 400th year anniversary of landing of the first Africans in the English colonies in 1619 at Fort Comfort, which would later become part of the state of Virginia, one of the founding states of the United States of America."* We do so, in part, based on the following 5 pages.

The AU defined the African Diaspora as consisting of "people of African origin living outside the continent, irrespective of their citizenship and nationality and who are willing to contribute to the development of the continent and the building of the African Union."

Global Africa Diaspora Convention is to promote and sensitize the core of AU as the hub of African related activities in the international fora. AU is not an oasis; we exist in an increasingly interconnected global society.

FAU believes that Africans must write our own scripts, articulate African priorities, and forge mutually enhancing international/ multilateral partnerships, which depart from dependencies and to foster the African Renaissance as per decisions of the AUC. ECOSOCC is the unique AU organ that engages the civil society as partners in these drives.

### Global African Stakeholders Diaspora Convention, Washington DC, 19- 22 November 2015

Under the auspices of the AU ECOSOCC and the support of AU CICO Secretariat, the Global Africa Diaspora Convention will take place in Washington, DC / Baltimore, Maryland on November 19-22, 2015. The Convention will focus on the role of Africa Diaspora in Africa's development on the most vital issues of identifying and applying capacities; sensitizing the shared values of the African Union's Agenda 2063 and the unique role of AU ECOSOCC in engaging the civil society as partners in development; and improving stakeholders' understanding and cooperation on common policies that are applicable to all constituencies, including Diaspora representation at the AU ECOSOCC.

After the Global Africa Summit in 2012 and the AU Declaration, the Global Africa Diaspora Convention provides a common forum and unprecedented opportunity for diverse constituencies, including women and youth organizations, in the Diaspora to assess common developments and highlight innovative ways to improve outcomes that rely on system building and harmonized recommendations for evidence-based policies. The expected outcomes are enumerated in the concept and content of the program.

The Global Africa Diaspora Convention will bring heightened focus on the African Union 2015 Theme: Year of Women Empowerment and Development towards Agenda 2063 with innovative programs and support for the CICO's implementation of the Africa Diaspora Volunteer Corps and other AU Diaspora Legacy Projects. Events in the Margin will include information on opportunities in member state and Diaspora participation in the NEPAD Africa Trade Fair on Indigenous Products and Services in May 2016.

Stakeholders will participate in various Roundtable and Plenary Sessions. Representatives of organizations, policy makers, the media, representatives of Historical Black Colleges and Universities, public and private sector leaders, are expected to attend. The AU Constitutive Act declares that it shall "invite and encourage the full participation of the African Diaspora as an important part of our continent, in the building of the African Union."

Friends of the African Union (FAU) adopted in 2013 Africa 2063 as the global strategy to optimize use of Africa's resources for the benefits of all Africans. In 2014 FAU adopted and has enhanced the New Future Foundation \$3 Trillion Dollar Goree Island plan of New Future Foundation through a Quantitative Easing based debt purchasing plan called the Daniels IDIQ that can help to transform the members states of the AU into what it has promised in Africa 2063. FAU and allies propose in the 6th region an approach based on how the Diaspora learned lessons of the past and now we now how to build on the progress now underway. In 2015 looked forward to a productive 2016, it was we signed a 5 year (2016-2020) \$30B Bank based Community Benefit Agreement with Fifth Third Bank. .

In 2015 FAU with New Future Foundation and World African Diaspora Union (WADU) proposed forming an alliance of civil society groups across the world to promote and strengthen the effectiveness of Africa solidarity and integration, bringing together networks to build trust and cooperation among African Diaspora civil society leaders for reflection and experience sharing in pursuit of membership in the African Union's the Economic, Social and Cultural Council (ECOSOCC). We started this effort at the November 2015 meeting called by the African Union ECOSOCC at the Global African Diaspora Stakeholders Convention.

At this Convention we offered praise to Presiding Officer Chilengi, FAU and other Stakeholders formally commend him for the outstanding way in which he are conducting the work. He was most respectful in listening carefully to our statement. We appreciate the clarity he brought after listening to his speech to the delegates on Saturday Nov. 21st and Sunday Nov 22<sup>nd</sup> 2015. We also commend his efforts to encourage Member States to participate in these sessions. It is especially meaningful that he implemented this level of exchange during one of the most significant periods in the life of the African Union with the launch of Africa 2063 which contains a broad based African mission for the next 50 years. We greatly appreciated the opportunity to express our updated views on the ECOSOCC agenda in the following document that was delivered to him by hand.

## FAU 2018 Kwanzaa Accords Review Day 2 Dec. 27th

The Americans of African descent have learned, again, over the past 60 years, to rely on our own self determination, since the time Martin Luther King asked where do we go from here? Through our actions, FAU is leading the charge with the other people of African Descent in the African Union's diaspora to form a more perfect African Union.

This declaration has been 150 years in the making - from July 28th 1868 when the 14th amendment to US Constitution went into effect and our ancestors became American Citizens to 2018, we be in the age of change. We are finalizing a delivery mechanism for our members and their websites to push online content to potential users and as an information aggregator and filter for users.

Our tag line is  
**"150 Years as  
 American  
 Determined to  
 Succeed"**

FAU as a civil society organization under relevant international human rights instruments, in particular the International Convention on the Elimination of All Forms of Racial Discrimination, will be used to address problems such as the past history of institutionalized racism in the USA. We do so bearing in mind that the United States of America (USA), a founding member of the United Nations (UN) and the Universal Declaration of Human Rights, practiced from its formation, in its constitution of 1788, human slavery. FAU will propose May 25<sup>th</sup> 2019 a solution to the results of the fundamental injustice, cruelty, brutality, and inhumanity of African slavery that was legal from 1788 to 1865. It is a solution to the USA's federal government practiced institutionalized racism on Americans of African Descent.

FAU and allies will also use our answers to the 2015 Universal Periodic Review of the USA and current tools such Community Benefit Agreements and Opportunity Zones as a basis to present to the working group of The UN International Decade for People of African Descent a solution to the results of the fundamental injustice, cruelty, brutality, and inhumanity of African slavery in the USA for 77 years and the 168 years (1619 - 1787 ) in the progenitors to the 13 English colonies that made up the USA & its effects subsequently de jure & de facto of racial & economic discrimination on the descendant Americans of America's African slavery. It will be a solution that will be a stimulus to the American Economy that - (1) is judicious & addresses solutions to lead poisoning in 7M African American dwellings; (2) answers under the control of our Federal Executive Branch to the statements in the interagency response set forth by the US State Department to the United Nations Universal Periodic Review of the USA in 2015 that said "Civil Rights, Ethnic, & Racial Discrimination" is the number one human rights problem in the USA; (3) draws on already established Executive authority & market infrastructure; (4) helps the other Americans through indirect associations by creation of supportive ancillary jobs & entrepreneurial opportunities thereby supporting the advancement of the American people as a whole, and; (5) is just adequate enough to implement real changes that reverse long-standing conditions caused by systemic de jure and de facto racial and economic discrimination, as documented in depth elsewhere, that provides a means from 2019 to 2119 to address these issues with the creation of a 100-year debt purchasing program (The Daniels IDIQ) in a community reinvestment act based public private partnership to do so."

## FAU 2018 Kwanzaa Accords Review Day 3 Dec. 28th

FAU believes in Collective Work and Responsibility and is in the process of building and maintaining our community together through the creation of a public private partnership model that makes our brothers' and sisters' problems our problems and to solve them together. We are doing this starting in 2019 in counties in Ohio (7) and in California (4) along with the cities of Ft. Coffee and Tulsa, Oklahoma..

In 2015 we promised to implement the African Union's (AU) Global African Diaspora tasks, they are - (1) African Diaspora Volunteer Corps; (2) African Diaspora Skills Database; (3) African Institute of Remittance; (4) African Investment Fund; and, (5) we do in reference to Article 11 of the AU's ECOSOCC Statutes that allows cross cutting actions as members of the African Diaspora to create the African Dollar

Our tag line is

### **The African Dollar**

**Gold Backed Digital Currency  
 using African Gold**

**A HISTORIC OPPORTUNITY FOR  
 AFRICAN AMERICANS TO ALIGN  
 AFRICAN NATIONS WITH THE USA  
 FROM A HEADQUARTERS IN OHIO**

The African Dollar will be built on a system that is intended be a very broad programming platform where a FAU Chamber of Commerce member acting as a developer can build games, financial applications, gambling apps, insurance products, social networks, and pretty much everything we already use today.

However, as a currency platform it will be gold backed and is to be run off a decentralized system with a shared ledger system based on a fork of Blockchain technology with embedded MDi/GLINC solutions that make the system what we will call ULTRA SECURE.

The FAU Global African American Stimulus Plan will use the African Dollar System so as to provide African Dollar ULTRA SECURE Payment Solutions at a million locations by 2020. We would start in 20 states with the \$62.6 in established Bank Community Benefit Agreements.

Note: We will have sessions in Washington DC after the National Community Reinvestment Coalition conference in Washington DC on the African Dollar on March 13, 14<sup>th</sup> 2019.

## FAU 2018 Kwanzaa Accords Review Day 4 Dec. 29th

On this day FAU will propose to create an alliance with our fellow respondents to the United Nations Universal Periodic Review of Nations using a Cooperative Economic Financial Technology (FinTECH) solution built around our proposed digital currency the African Dollar. It will address Human Rights problems for the 1.5B people of African Descent using the Collective Economic power of African Diaspora in the USA. Our goal is to create a global cooperative economic platform that leaves no one behind. .

The FAU 2019 alliance plan is to build a coalition around a FinTECH solution built around a forks of USPTO #5,577,042, Blockchain technologies and RGTS solutions that uses Rich Communication Services based solutions and a state of the secure cyber solution.
