friendsoftheafricanunion.com

Friends of the African Union is an economic, social, humanitarian, charitable, educational and new technology civil-society organization founded to work for the benefit of the people of the African Union and the African diaspora in their host countries.

Friends of the African Union (FAU) recognizes that the African Union, to date, is the only organization which has the structural and functional capacity to unite, and service the needs and aspirations of the more than 1.5 billion African people, globally.

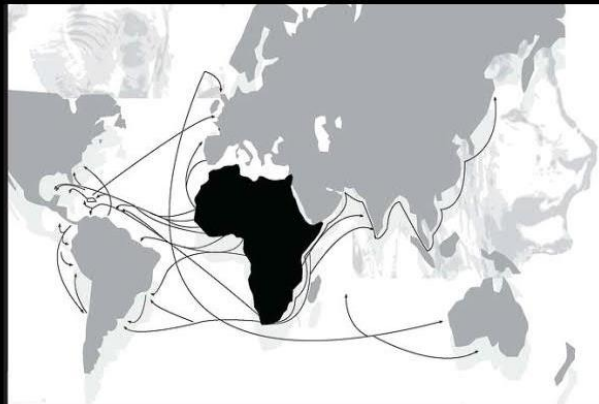

FAU is organized around the action in 2005, when the African Union defined the African Diaspora as “..... *peoples of African descent and heritage living outside the continent, irrespective of their citizenship, and who remain committed to contribute to the development of the continent and the building of the African Union.*”

FRIENDS OF THE AFRICAN UNION IS INSPIRED by the noble ideals which guided the founding fathers of our Global Organization and the foregoing generations of Pan-Africanists in their determination to promote unity, solidarity, liberty, justice, cohesion and cooperation among the peoples of Africa, African States and the African Diaspora;

We are American citizens, veterans and born of historic Transatlantic African slavery. Today it is a global economy of over 28 million human beings in 2014.

FRIENDS OF THE AFRICAN UNION HAS CONSIDERED the principles and objectives stated in the Charter of the Organization of African Unity, the constitutive act of the African Union, the declaration on the formation of the United States of America, the ideals and laws enacted in the constitution of the United States of America, agreements between nations that formed the United Nations, the Treaty establishing the African Economic Communities of Africa, the agreements agreed upon in the creation of UNICEF and the laws of the state of Ohio;

AGENDA 2063
Unity, Prosperity & Peace

2015 - 2024
INTERNATIONAL DECADE FOR PEOPLE OF
AFRICAN DESCENT

The issue of an African Diaspora gained its initial prominence in June 2001, when the then Organization of African Unity (OAU) convened the first ever OAU-Civil Society Conference. The framework that was generated from this conference was consequently adopted by the 74th Ordinary Session of the OAU Council of Ministers in Lusaka, Zambia in July 2001. At that meeting it was 'proposed to (OAU) member states that they develop strategies for utilizing the scientific and technological know-how and skills of Africans in the Diaspora for the development of Africa.

Now in 2019, after 7 years of work we are setting a new standard in our relationship with African Nations.

Not *Just* an Economy, A **Just** Economy

FAU Unity is where members of the organization will be able to unite, not only with other brothers and sisters from all over the world that have similar goals, interest, skills, talents, and intelligence, but also with allies who support the people of the African Union in meeting the challenging times before us.

FAU Self-Determination is where a member can take as an active part in our self-determination as an African people as they want – in person or electronically. We encourage members to take a leadership role in the activities of the FAU and make them fully inclusive of peoples with disabilities.

FAU Collective Work and Responsibility is centered around private public partnerships. A member will have the opportunity to take part in making a better present and future for our children, youth, seniors and people with disabilities by being involved with the collective works and responsibility that is going to make life better for African People. Our goal is to have a million of these by Junetenth 2016.

FAU's Cooperative Economics creates for each member a public private partnership that makes each member part of an economic plan that will aid in our people's financial upliftment.

FAU Purpose is to support the people of the African Union creating a unified Africa which includes the youths, daughters, sons, mothers, fathers, babies, elders, and all our people worldwide.

FAU as a Creative Class Coalition encourages members to use their creativity to come up with ideas that will be beneficial to our people, starting with themselves through joint ventures and stand alones.

FAU has faith that united together, there is nothing that is impossible for our people to do and as such we have created My Brother's Keeper of Africa and the Americas Alliance as the tool that brings together our people with allies. Our first demonstration will be in Cincinnati.

Founding & Current Chairman of Friends of the African Union

He co-founded in 2012 Friends of the African Union (FAU) and Co-Developer of next generation communications and computing technology based on patent USPTO 5,577,042 who was at the time the Hargrove Engineering Business Development Director. There he provided a broad variety of engineering services to the private and public sectors based on the expertise of the company's founder with a focus on an innovative sewer system solution. Previously he served the Senior Honorary Counsel of the Republic of Guinea to USA as Chief Technical Officer and carried out secure communications, technical analysis and oversaw a process for selection of ITU based SatCom for country. In this position he carried out development of a plan of action that was funded by the World Bank for communications and carried out work with the International Telecommunications Union on a strategy for Top Level Domain (dot).africa. It is only now a little over 30 years later, through the African Union and the Internet Corporation for Assigned Names and Numbers (ICANN) that this might happen by 2019. His business experience dates to the start of the mail order industry (1986-1987) at computing at Business Computer Exchange (BCE); there he served as BCE's Chief Technical Service Director. BCE was an early mail order. In the US Navy as a Petty Officer at Naval Telecommunications System Integration Command at Cheatham in section 01 he worked on Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) that led to end-to-end solutions and services for the US Government.

We will expand our reporting to UN Working Group of Experts of People of African Descent during the

Based on the commemoration of 400 years Africans in the USA from 1619 to 2019, starting at Old Point Comfort. Like many Africans in the Americas stolen to the America's they were farmers and craftsmen who helped grow this county to the global super power it is today. Now is the time to use our \$1.2T GDP in unity for all Africans, worldwide.

The 50 year plan for African Unity created in 2013 by the African Union is called Africa 2063: The Africa We Want **NOW WE DEVELOP OUR OWN PLAN**

JOIN THE DIASPORA INITIATIVE

In 1963, the nations of Africa formed the Organization of African Unity (OAU) to create a central government organization for the continent in their fight for freedom from colonialism.

In 2002 the OAU became the African Union (AU) in preparation of the next stage in African Unity. Then in 2003, the African Union set out modify its Constitutive Act to recognize the Diaspora peoples of Africa, both those who are Africa-born and those who have ancestral roots that were African-born.

Since that time the Western Hemisphere was authorized to form five regional coordinating committees, i.e., Brazil, Canada, the Caribbean, the Spanish Mainland, and Afro-USA.

This past February we were told by the AU/CIDO to organize. So now we start accepting members on May 25th 2019.

The African Diaspora communities of those nations and regions are invited to organize themselves and register appropriate groups to vote for representation in the African Civil Society governance.

Under the rules in place, the African Diaspora in the United States of America has been authorized to elect four [4] representatives through an electoral system.

No appointees.

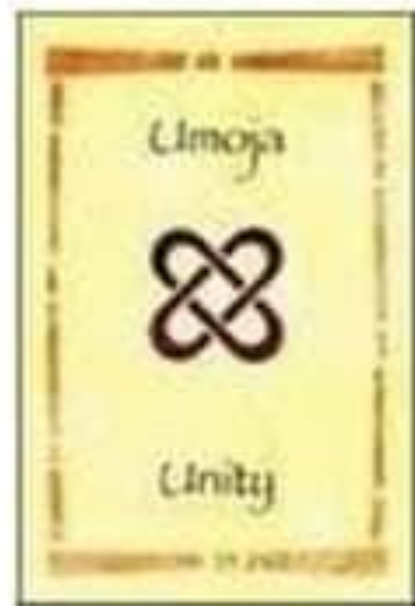

has agreed to act as the secretariat for the first 5 years (2019-2024) and organize the electoral system for a vote during the 2019 Kwanzaa.

FAU 2018 Kwanzaa Accords Review Day 1 Dec. 26th

FAU will set out the 2019 framework to strive for and to maintain unity in the African American family and community by leveraging our citizenship in the America nation and as a member of the African Diaspora, as defined by African leaders, this declaration has been waiting for us in the USA to provide "Unity in the Community" after 400 years in the USA (Aug 25th 1619 to 2019).

In 2005, when the African Union's leaders defined the African Diaspora as "... ***peoples of African descent and heritage living outside the continent, irrespective of their citizenship, and who remain committed to contribute to the development of the continent and the building of the African Union.***"

FAU 2018 Kwanzaa Accords Review Day 2 Dec. 27th

The Americans of African descent have learned, again, over the past 60 years, to rely on our own self determination, since the time Martin Luther King asked where do we go from here? Through our actions, FAU is leading the charge with the other people of African Descent in the African Union's diaspora to form a more perfect African Union.

This declaration has been 150 years in the making - from July 28th 1868 when the 14th amendment to US Constitution went into effect and our ancestors became American Citizens to 2018, we be in the age of change. FAU 2018 Kwanzaa Accords Review Day 3 Dec. 28th

FAU believes in Collective Work and Responsibility and is in the process of building and maintaining our community together through the creation of a public private partnership model that makes our brothers' and sisters' problems our problems and to solve them together. We are doing this starting in 2019 in counties in Ohio (7) and in California (4) along with the cities of Ft. Coffee and Tulsa, Oklahoma..

In 2015 we promised to implement the African Union's (AU) Global African Diaspora tasks, they are - (1) African Diaspora Volunteer Corps; (2) African Diaspora Skills Database; (3) African Institute of Remittance; (4) African Investment Fund; and, (5) we do in reference to Article 11 of the AU's ECOSOCC Statutes that allows cross cutting actions as members of the African Diaspora to create the African Dollar

FAU 2018 Kwanzaa Accords Review Day 4 Dec. 29th

On this day FAU will propose to create an alliance with our fellow respondents to the United Nations Universal Periodic Review of Nations using a Cooperative Economic Financial Technology (FinTECH) solution built around our proposed digital currency the African Dollar. It will address Human Rights problems for the 1.5B people of African Descent using the Collective Economic power of African Diaspora in the USA. Our goal is to create a global cooperative economic platform that leaves no one behind. .

The FAU 2019 alliance plan is to build a coalition around a FinTECH solution built around a forks of USPTO #5,577,042, Blockchain technologies and RGTS solutions that uses Rich Communication Services based solutions and a state of the secure cyber solution.

The African Dollar will be built on a system that is intended to be a very broad programming platform where a FAU Chamber of Commerce member acting as a developer can build games, financial applications, gambling apps, insurance products, social networks, and pretty much everything we already use today.

However, as a currency platform it will be gold backed and is to be run off a decentralized system with a shared ledger system based on a fork of Blockchain technology with embedded MDi/GLINC solutions that make the system what we will call ULTRA SECURE.

The FAU Global African American Stimulus Plan will use the African Dollar System so as to provide African Dollar ULTRA SECURE Payment Solutions at a million locations by 2020. We would start in 20 states with the \$62.6 in established Bank Community Benefit Agreements.

A Financial Technology Company

Many American banks may be making more money than ever these days. However, young people hate them and banks' revenue streams are anchored to the past. According to a Gallup poll, the amount of Americans who feel confident in U.S. banks dropped from 49 percent in 2006 to just 27 percent by 2016. Time magazine reported the rapid decline in consumer trust applies to most legacy institutions. People don't trust traditional advisors either, although millennials are far more inclined to trust fintech startups.

We believe that the consumer should have access to their data anywhere they want it. In our world each HH is a partner in our FinTech. So that Instead of banks exclusively owning the customer's financial records each individual identities have the infrastructure that can transact on diverse networks.

FRIENDS OF THE AFRICAN UNION

Our Mission

In all that we do, it is our mission to unite our people in peace and harmony as one.

What motivates us...

Friends of the African Union (FAU) is inspired by the noble ideas which guided the founding fathers of our Global Organization and the foregoing generations of Pan-Africanists in their determination to promote unity, solidarity, liberty, justice, cohesion, and cooperation among the peoples of Africa, African States, and the African Diaspora (2016 – 1.8B).

Declaring Economic Independence

In 2012, FAU answered the 2011 call of the African Union which sought to engage the African Diaspora as the sixth (6th) region of Africa. Twenty (20) seats are reserved on the ECOSOCC for the 6th region. FAU took the lead to organize around the Five (5) Legacy Projects set forth by the Assembly of the African Union. We are building upon this framework to stand up a nation and take control of our own economy.

“Power concedes nothing without a demand. It never did and it never will.”

–Frederick Douglass

Standing Up a Nation

- We will hold a vote every October 15th for CSO organizations to represent us in the African Union.
- We are taking control of our wealth, power and resources to achieve economic growth, development, and security as we reclaim ownership of our communities.

The implementation of the Declaration of the Global African Diaspora Summit reached another objective landmark with the attempted launch at the Global African Diaspora Convention, November 2015 as an African Union Diaspora network in the United States of America. We will do so in 2017.

This attempt was in fulfillment of Article I A(F) of the Declaration that stressed the need to “create platforms for closer interaction, solidarity and effective cooperation between and amongst governments and civil society of African and its Diaspora including continuation of Regional Consultative Conference and consolidation of Regional Network as partners and interlocutors for the implementation of the outcome of the Global Diaspora Summit(italics). It was also in conformity with Article IA(k) of the same which “Encouraged the Diaspora to organize themselves in regional networks and establish appropriate mechanisms their will enable their increasing participation in the affairs of the African Union.”

This event recalled the commemoration in 2007 of the bicentennial of the trafficking in Africans with the establishment of the Diaspora African Forum as an obligation to remember the legacy of history, particularly the era of slavery and colonialism and the enforced separation of African people as a result of that experience, as well as the Declaration of the United Nations of 2011 as the year of the of people of African descent.

DRAFT DECISION ON TRANSITIONAL ARRANGEMENTS FOR THE LAUNCHING OF THE ECONOMIC, SOCIAL AND CULTURAL COUNCIL (ECOSOCC) OF THE AFRICAN UNION.....	14
--	----

The Global Africa Diaspora Convention 2015 was focused on the implementation of the African Union Global Summit of 2012 was held in 2015 that identified capacity for engagements. The Convention also sensitized the African Union Agenda 2063 and shared values for an integrated, prosperous and peaceful Africa driven by her people. It was also the historic milestone to welcome the African Union Economic, Social and Cultural Council to the Diaspora in collaborative efforts to engage stakeholders in opportunities and the development of Africa.

Global African Stakeholders Diaspora Convention, Washington DC, 19- 22 November 2015

Under the auspices of the AU ECOSOCC and the support of AU CIDO Secretariat, the Global Africa Diaspora Convention will take place in Washington, DC / Baltimore, Maryland on November 19-22, 2015. The Convention will focus on the role of Africa Diaspora in Africa's development on the most vital issues of identifying and applying capacities; sensitizing the shared values of the African Union's Agenda 2063 and the unique role of AU ECOSOCC in engaging the civil society as partners in development; and improving stakeholders' understanding and cooperation on common policies that are applicable to all constituencies, including Diaspora representation at the AU ECOSOCC.

After the Global Africa Diaspora Summit in 2012 and the AU Declaration, the Global Africa Diaspora Convention provides a common forum and unprecedented opportunity for diverse constituencies, including women and youth organizations, in the Diaspora to assess common developments and highlight innovative ways to improve outcomes that rely on system building and harmonized recommendations for evidence-based policies. The expected outcomes are enumerated in the concept and content of the program.

The Global Africa Diaspora Convention will bring heightened focus on the African Union 2015 Theme: Year of Women Empowerment and Development towards Agenda 2063 with innovative programs and support for the CIDO's implementation of the Africa Diaspora Volunteer Corps and other AU Diaspora Legacy Projects. Events in the Margin will include information on opportunities in member state and Diaspora participation in the NEPAD Africa Trade Fair on Indigenous Products and Services in May 2016.

Stakeholders will participate in various Roundtable and Plenary Sessions. Representatives of organizations, policy makers, the media, representatives of Historical Black Colleges and Universities, public and private sector leaders, are expected to attend. The Presiding Officer of the AU ECOSOCC is expected to address the joint assembly of stakeholders.

African Union Economic, Social, Cultural Council

The AU Constitutive Act declares that it shall *"invite and encourage the full participation of the African Diaspora as an important part of our continent, in the building of the African Union."*

The AU defined the African Diaspora as consisting of *"people of African origin living outside the continent, irrespective of their citizenship and nationality and who are willing to contribute to the development of the continent and the building of the African Union."*

Global Africa Diaspora Convention is to promote and sensitize the core of AU as the hub of African related activities in the international fora. AU is not an oasis; we exist in an increasingly interconnected global society.

FAU believes that Africans must write our own scripts, articulate African priorities, and forge mutually enhancing international/ multilateral partnerships, which depart from dependencies and to foster the African Renaissance as per decisions of the AUC. ECOSOCC is the unique AU organ that engages the civil society as partners in these drives.

CONCEPT NOTE (EXCERPT)

...Pervasive institutional racism impacting people of African descent is well-documented globally, including in education, employment, criminal justice, child welfare, access to credit, access to public goods and services, access to capital, and other opportunities. **The link from historical colonialism and the trafficking in enslaved Africans to the modern-day circumstances of people of African descent in diaspora populations remains apparent** in our work.

...[T]he Working Group has repeatedly encountered a lack of disaggregated data pertaining to people of African descent. This raises difficulties in ensuring diaspora populations of African descent are visible and counted, in documenting a unique experience of racism, and in measuring the exercise and enjoyment (or lack thereof) of their human rights. **In the age of big data, a lack of data on people of African descent is a form of erasure.**

Without question, where data exists, data analytics have helped highlight institutional racism and racial disparity. Insights and visualizations of racial injustice that were unavailable before the rise of big data analytics have become common.

These analytical tools have offered evidence of the intractability of structural racism and provided new understandings of bias and discrimination. Big data has uncovered how policy and law may disproportionately impact the free exercise of human rights by people of African descent. Among other things, **big data tools offer evidence that racism against people of African descent has been transformed rather than eliminated**, presenting new and sometimes more subtle manifestations over time.

On the other hand, **data systems and algorithms often incorporate, mask, and perpetuate racism in their design and operation**—this is considered an acceptable cost for convenient data solutions. The ongoing concern for "algorithmic justice" recognizes that the political and economic decisions made about data systems reflects the way society values certain communities.

Thus, whether big data will be a tool for justice or oppression heavily relies on political decisions, not scientific ones.
