

Marcus Garvey's dreams of one global organization for Black Folk has come true and based on the dreams of Martin Luther King in his book "Where Do We Go From Here: Community or Chaos" we have an answer as we bring the #BlackFolksPlan for Black Farmers local to Alabama.

A year ago the world changed for black folk

On August 2<sup>nd</sup> 2021 the United Nations voted ".....to establish the Permanent Forum of People of African Descent, which will serve as a consultation mechanism for people of African descent and other interested stakeholders as a platform for improving the quality of life and livelihoods of people of African descent and to contribute to elaborating a United Nations declaration on the promotion and full respect of human rights of people of African descent, and that the modalities, format and substantive and procedural aspects of the Permanent Forum will be concluded by Member States and observer States, with further consultations with people of African descent....."

**"NO ONE IS BORN HATING ANOTHER PERSON BECAUSE OF THE COLOR OF HIS SKIN, OR HIS BACKGROUND, OR HIS RELIGION. PEOPLE MUST LEARN TO HATE, AND IF THEY CAN LEARN TO HATE, THEY CAN BE TAUGHT TO LOVE. FOR LOVE COMES MORE NATURALLY TO THE HUMAN HEART THAN ITS OPPOSITE."**

**"The legacy of enslavement, racial subordination and segregation, racial terrorism and racial inequality in the U.S. remains a serious challenge as there has been no real commitment to reparations and to truth and reconciliation for people of African descent."**

**"Everybody can be great...because anybody can serve. You don't have to have a college degree to serve. You don't have to make your subject and verb agree to serve. You only need a heart full of grace. A soul generated by love."**

**FIRST AFRICANS IN VIRGINIA**

The first documented Africans in Virginia arrived in 1619 when a Dutch warship landed here at Point Comfort. The "twenty and odd" Africans, captured from the Spanish, were traded to the Virginia colonists in exchange for foodstuffs. Early Africans who lived here included Antony and Isabella, and their son William, likely the first black child in present-day Hampton. They served Point Comfort Commander William Tucker, but whether the early Africans were treated as indentured servants or slaves is uncertain. The institution of slavery evolved during the 17th century as the term of service for Africans was extended for life. The U.S. abolished slavery in 1865.

**WHEREAS** our Actions this year as the African Diaspora Directorate on August 25<sup>th</sup> at the 2019 Commemoration at the Georgetown Public Library in Washington DC was based on the 400 Years of African-American History Commission Act. A law signed into law January 8, 2018, by President Trump, which commemorate the 400th anniversary of the arrival of the first enslaved Africans in the English colonies. This commemoration was based on the US federal government recognizing by law on August 25th, 1619, 20 Africans were brought to Point Comfort in the English colony of Virginia.

**Friends of the African Union** has started operations in Alabama on this historic MLK Day

Now on MLK Day 2023 we do this work around the Dec. 13, 2022, Executive Order 14089 on Establishing the President's Advisory Council on African Diaspora Engagement in the United States issued during the historic US African Leaders Summit of 2022 in Washington DC where our representative was in attendance through strategic relations with allied organizations. FAU believes that it is time, as members of the African family worldwide, to capitalize on our joint skills, contacts and intellectual property to create a solution based on the goal of ending institutionalized governmental racism in the United States of America and implementing a superset of the AU's Africa 2063 and on Dec. 8th 2022 we did start this work through the creation of a new civil society organization to be called Friends of the United Nations Permanent Forum of People of African Descent. Then during the Kwanzaa of 2022, we started with Friends of the African Union during the tenth anniversary with the Congress of African Peoples (CAP/FAU) Kwanzaa Accords by promoting the public online organizing meetings of the over 119 tasks in making operational Friends of the Permanent Forum on People of African Descent in Alabama as a force for change.

**Words must be matched by actions in 2023 which is why FAU in Chilton County, Alabama is working with partners including civil society, farmers, religious organizations, and the private sector in a "BIPOCA Year of Action" devoted to fulfilling pledges made at the December 2021 Summit for Democracy and the 2022 US Africa Leaders Summit.**

**The choices we make, or fail to make, today and over the next year could result in further breakdown, or a breakthrough to a greener, better, safer future.**

**The choice is ours to make; but we may not have this chance again.**

FRIENDS OF THE AFRICAN UNION is an economic, social, humanitarian, charitable, educational, STEAM and new media civil society organization founded to work for the benefit of the people of the African Union (AU) and the African diaspora in their host countries.

FAU is organized around the action in 2005, when the AU defined the African Diaspora as "... peoples of African descent and heritage living outside the continent, irrespective of their citizenship, and who remain committed to contribute to the development of the continent and the building of the African Union."

Since 2021 Friends of the African Union (FAU) recognizes that the United Nations Permanent Forum on People of African Descent (PPAD) is the only worldwide intergovernmental organization to unite and service the needs and aspirations of the more than 1.6 billion African people, globally. FAU supports creation of a civil society organization around the PPAD.

FAU has supported in the past, starting on its birth on MLK Day January 16<sup>th</sup> 2012, and in the future from MLK Day 2023 January 16<sup>th</sup> 2023 the organization of peoples of African descent in the United States of America (USA) to join us in changing the lives of Africans worldwide by our collective action. In doing so we will call on their self-interest as the currently most wealthy group of Africans worldwide, with a \$1.6T 2021 GDP, and as citizens of one of the 14 nations which on February 26, 1885 founded modern Africa through the General Act of the Conference of Berlin.

FAU Purpose is to support the people of African Descent in creating a unified African world order which includes creating intergenerational wealth for the youths, daughters, sons, mothers, fathers, babies, elders, and all our people in the state Alabam through The Alabama Opportunity Group and the FAU Alabama State Assembly.

FAU Unity is where members of the organization will be able to unite, not only with the people of the African Descent from all over the world that have similar goals, interest, skills, talents, and collective goals but also with allies who support the people of the African Descent in meeting the challenging times before us.

FAU Self-Determination is where a member can take as an active part in the process by which a person controls their own life, as they want, as a member of the global African people – in person or electronically. We encourage members to take a leadership role in the activities of the FAU and make them fully inclusive of peoples with disabilities, women and youth. We started this work in Alabama on MLK Day 2020 then COVID hit, now we are back.

FAU Collective Work and Responsibility is centered around private-public partnerships. A member will have the opportunity to take part in making better the present time and the future for our children, youth, women, seniors and people with disabilities by being involved in our private-public partnerships that is planned to make life better for people of African Descent in Alabama. We started in Chilton County and now on MLK 2023 we restart operations.

FAU's Cooperative Economics creates for each member a personalized partnership with the organizations, not for profit and for profit, that makes each member part of an economic plan that will aid in our people's financial upliftment. We will detail in Black History month the #BlackFolksPlan for Alabama to create a #JustEconomy.

FAU as a Creative Class Coalition encourages members to use their creativity to come up with ideas that will be beneficial to our people, starting with themselves through joint ventures with FAU and standalone ventures.

FAU supports the United Nations Universal Declaration of Human Rights and its application to people of African Descent and their condition in Alabama. In addition, FAU supports Peace, Security and basic human dignity within Alabama for the people of African Descent in the global African Diaposra as defined by Executive order 14089. FAU supports the continued political empowerment of Black Folk as citizens of the USA and in free associations on cooperation and solidarity in the United States as well as in the global African Diaspora as well as the member states of the African Union.
